INTERACTING SUMMER SCHOOL

SUMMER SCHOOL OF THEATRE AND ENGLISH

Welcome to The Interacting Summer School of Theatre and English.

This course has been specifically designed for students who want more than just an English learning course. The InterActing Summer School of Theatre and English combines all the elements of working together as a team and creating a theatre production while meeting new friends – and it's all in English.

InterActing It's all about (a) Play

InterActing is one of the most creative and innovative Language Learning Theatre in Education companies on the European map.

InterActing's methodology in adapting games and drama for learning has been supported, tested and funded through our latest European project and published in our book *PlayingCLIL**.

After 25 years, **InterActing** continue to successfully develop creative and innovative solutions for language students from all over Europe.

At a glance

Aimed at: curious 12-18 year old students

Dates 5th to 26th July 2019

Areas of instruction: improvisation, theatre games, acting, voice, movement, problem solving, team work and English.

Highlight: an end of course performance open to the public.

*"I've gone to **The InterActing Summer School** twice already.*

It so exciting!

I love theatre and putting on a production is challenging and engaging at the same time"

Former student.18

A course designed for students to create, devise and produce a play in English

Summer School Essence

The Interacting Summer School brings our philosophy of learning through games and theatre into practice. You will experience running your own theatre company for three weeks, facing the challenges of an opening night at the end of the course.

Other skills you will learn:

- Team work
- Decision making & Problem solving
- Self confidence
- Self awareness
- Improvisation
- Voice work
- Writing scripts
- Learning lines
- Staging
- Budgeting

... and much more. All in a safe and controlled environment.

During the course you will learn how to devise and perform a play of your own making.

The course runs from Monday to Friday of each week. Each day is made up of three basic interconnecting blocks:

- Games for Communication
- The Production Process
- The Living Language

At the weekends there is time to enjoy Ireland, visit friends, go to the beach, go shopping, go for walks, staying out of the rain!

All of our staff have relevant professional qualifications and experience.

Your safety is our priority!
We will make sure that you always have someone to help you out.

BANGOR, DUBLIN & BELFAST

Arriving in a new country and city will be an experience you will remember for life. At InterActing, we make sure you feel happy and safe at all times!

The InterActing Summer School offers residential accommodation on site or in host families.

Host families can host up to four students (of any nationality), depending on individual needs. And yes, you will be able to use their WiFi and charge your electronic devices!

A bit about Bangor, Dublin and Belfast.

The InterActing Summer School is held simultaneously in 3 venues during 3 weeks of July.

In **Bangor**, our school is held in the Bangor Hub and students are offered family stay. Bangor is a vibrant and buzzing coastal town on the shores of Belfast Lough.

Our **Dublin** summer school is held in Maynooth University College. 20 minutes outside Dublin, our residential accommodation is in the fantastic halls of Maynooth College.

The InterActing Summer School in **Belfast** is held at Queens University. We offer residential accommodation in Queens Elms apartments.

What's included?

- Airport transfers
- Residential accommodation
- Homestay
- Outdoor activities
- Planned cultural and social events
- Excursions of historical and monumental interest, shopping and educational visits
- Laundry

Activities and excursions

One of our objectives of the summer school is to improve students' knowledge about the Irish and English culture. To achieve this we organize full day excursions each week to places of interest near our teaching location.
